Welcome! Dear colleague,

We are contacting you because you have been identified as an expert on political parties, public opinion, elections, or legislative behavior in the Czech Republic. Our goal is to collect comparable estimates on political party positions across Europe on political responses to Russia's war against Ukraine. This survey is part of the ongoing CHES research project on the positions of political parties in Europe that was launched in 1999. The data will be made publicly availabe on our website chesdata.eu shortly after completion.

This is a **short survey** that should take about 10 minutes to complete. We would like you to answer all questions, however you have the option to skip questions or parties unfamiliar to you. We would rather that you return an incomplete questionnaire than no questionnaire at all.

All responses are anonymous, and no identifiable personal data is collected in this survey. Data will

be treated in the strictest confidence, under the terms of the GDPR and it will be used solely for the purposes of the CHES survey.

If you have any questions concerning the survey or the treatment of the data, please contact Jan Rovny at jan.rovny@sciencespo.fr

## Thank you in advance for sharing your expertise with us!
